

### Jaypee to showcase best Rebar processing equipment in bC India 2011

Jaypee invites to experience the new age of advanced and innovative technology with Jaymac range of bar bending and bar cutting machines at bC India 2011

#### Radius Bending Machine

Jaymac heavy-duty Radius Bar Bending Machine will

radius up to 35mm rebar. This machine can form radius without pre-bending bars, it comes with a standard 2-speed drive motor. Adhering to most safety requirements it is an efficient and quicker bender used for making circular rings.

#### Bar Shearing Machine

Jaymac Bar Shearing Machine known also as Bar Cutting Machine

is robustly built to with stand the stress while shearing of rebar and various forms steel bars.

Durable fast and easy to use, this machine gives a one-shot cutting operation with perfect cutting accuracy thus minimizing the use of labor and long drawn cutting process for single cuts.

This workhorse knows no stop as it can be effectively put to use for a constant round-the-clock Production.

#### Bar Bending Machine

Jaymac Bar Bending Machine is a semi automatic, durable fast and cost

effective machine, used for bending reinforcement bars and various forms of round bars.

This machine effectively increases the production capacity of your steel yard, minimizing the use of manual labor.

The automatic angle selection permits a precise bend at a preset angle making it one step bending process for various forms of bends and stirrups. Bar Bending Machine is easy to use; the machine can be operated by a layman with minimal experience.

#### Automatic Stirrup Benders

Reduce labor, reduce scrap, and increase production with KRB Auto Stirrup Benders. Our line has been redesigned to offer the market a solid, cost effective alternative. Rugged American manufacturing and improved design has given KRB a reliable line of performers in the field.

**TEAM... DYNAMIC**

**DYNAMIC CRANE ENGINEERS PVT. LTD.**

*Making work... safe & easy*

Dynamic has established it's name in Manlift Rentals. We are having a fleet of High Reach Platform/Manlifts upto 44m height.

**Application :**  
Our Manlifts have served the industry for various application such as :

- Automobile Industry
- Fire Safety System Installation
- Airport terminals / Aircrafts Maintenance.
- Steel Plants.
- Shipbuilding / Shipyards.
- Space Centers.
- Engineering / Construction Industry.
- Industrial Shut Down.
- Electrical / Insulation Works.
- Industrial House Keeping
- Roofing & Cladding.
- Painting etc.

**DYNAMIC CRANE ENGINEERS PVT. LTD.**
